By H. M. SEVERIN

This book will be the first and only definitive work on the subject in the English language — a specialist's complete listing and description in English of the Russian Gold and Platinum series. In preparing it, the author has tapped all the classic Russian authorities on the Imperial Coinage. All types, varieties, mints, mintmasters, rarities and hitherto unpublished specimens from Peter I through Nicolas II are listed. The first edition will be limited to ONLY 1,000 copies.

Photographic plates will illustrate about 200 coins. In addition there will be a supplementary listing of current market values for the entire Imperial Russian series, to round out a handbook that will undoubtedly prove an informative and lasting reference tool.
